Bloomfield has a NEW plan, the ROSE III - Transitional two-story home offering 6 large bedrooms, 4 baths, Study, upstairs Game Room, and a roomy Covered Patio nestled in the back. Soaring ceiling and an exposed wrought iron staircase off the foyer entrance give you a sense of drama, while timeless hardwood floors adorn the open common areas. It's easy to imagine spending time in the Family Room by the 18-foot stone fireplace, gathered around the huge island, or cooking your favorite meal on the built-in gas range. Premium finishes like quartz counters, glazed cabinetry, upgraded backsplash, and undercabinet lighting add elegance & value. Study and Guest Bedroom found downstairs. On the exterior, the stained wood garage doors, gutters, and custom 8' front door make this home stand out on the street! Large laundry with mud bench, massive Primary, patio extension, blinds, Jack & Jill bath upstairs... the list goes on & on! Come visit Bloomfield at Mockingbird Heights today.
